Mobility for Studies? For Double Degree? For Traineeship?

- ✓ Students can apply at the same time for the Double Degree call and for the Erasmus+ for Studies: if successful for the E+ mobility for Studies but not for the DD, it is possible to carry out a «classic» mobility, otherwise only one program can be accepted

- ✓ It is possible to apply for the E+ Studies and E+ Traineeship and, if successful:
 - ▶ carry out the mobilities in the same academic year, as long as the periods do not overlap
 - ▶ to leave for only one of the two experiences, withdrawing from the other
 - ▶ it is NOT possible to carry out the two mobility experiences in two different academic years

SELECTIONS AND FINANCIAL SUPPORT

how selections are made e
how much is the financial contribution?

How does the selection work

The selections are based on the Erasmus+ formula:

$$(0,7 \times M) + [(0,3 \times R) \times 30]$$

M = weighted average (exams registered in ESSE3 on the call deadline date)

R = ratio between credits acquired and credits expected in your booklet in the year of enrollment (in-plan and non-plan activities will be considered; supernumerary activities will be excluded)

Practical information are available at [this link](#)

With a score lower than 18 the student is automatically excluded from the selection

Selections for Double Degree

The selections for access to the Double Degree programs will be made directly **by the involved Departments** and will take place according to the procedures illustrated in the forms attached to the Double Degree call (*Allegato 1*)

ATTENTION: some Double Degree programs require an interview with the Commission so make sure to check on the *Allegato 1*
