

Including Quantum in Space

Via Valleggio 11 (CO)
Room VA3 (Floor -1)

22/04/2026

9:00-9:30

Registration and Opening

9:30-9:50

Giuliano Benenti (Insubria)

Opportunities and Challenges of Quantum Batteries

9:50-10:10

Arianna Vasini (Insubria)

CLAP: Astrophysics at Insubria

10:10-10:40

Christoph Marquardt (MPL)

Satellite-based Quantum Communication

11:00-11:30

Mariafelicia de Laurentis (UniNa)

The Event Horizon Telescope: a global effort to see the invisible

11:30-12:00

Andrea Bulgarelli (INAF)

Quantum Computing for Astrophysics and Cosmology

12:00-12:30

Letizia Caito (INAF)

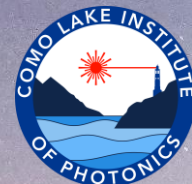

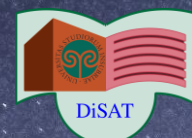

INAF programmatic perspectives in Space projects

12:30-14:30

Light lunch and Poster Session

14:30-16:00

Industry Spotlight
