Biotecnologie  
E Scienze della Vita

# Scientific Day

## Center for Research in Neuroscience

### Giornate Scientifiche Centro di Ricerca in Neuroscienze Università dell'Insubria February 2-3, 2023

Aula Granero-Porati, Via Dunant 3, Varese

#### Thursday, February 2

Chair: L. Forti, T. Alberio

14:30 Alterations of the microbiota-gut-brain axis during early life: implications for the development of intestinal and brain disorders

**Cristina Giaroni** (DMC, Insubria)

15:15 Network medicine and neurodevelopmental disorders

**Mauro Fasano** (DISAT, Insubria)

16:00 Coffee break

16:20 Neuronal excitation-inhibition imbalance. A tale of membrane transporters in brain health and disease

**Elena Bossi** (DBSV, Insubria)

#### Friday, February 3

Chair: L. Forti, C. Roseti

14:30 CDKL5: from its molecular network to neuronal connectivity

**Charlotte Kilstrup-Nielsen** (DBSV, Insubria)

15:15 D-serine: what's else?

**Loredano Pollegioni** (DBSV, Insubria)

16:00 Coffee break

16:20 Clearing up the smoke: evidence-based considerations regarding cannabis use in adolescence

**Tiziana Rubino** (DBSV, Insubria)
